To: all companies & scientific bureau

### Sub/automatic calculation of free goods

Dear Sirs:

We would like to inform you the calculated procedure of free goods (F.O.C) for all of products depended on the following:

- 1-requirement (deficit) / (100+F.O.C.)%
- 2-the required quantity× the percentage F.O.C = free goods quantity.
- 3-total required quantity + free goods = required awarding quantity.

Best regards,
